

AN ORDINANCE 100873

AMENDING THE CITY'S SMALL BUSINESS ECONOMIC DEVELOPMENT ADVOCACY PROGRAM POLICY ORDINANCE NO. 100182 BY SPECIFYING PERFORMANCE STANDARDS FOR DESIGN-BUILD CONSTRUCTION PROJECTS, IN ORDER TO PROVIDE CONTRACTING OPPORTUNITIES FOR LOCAL SMALL, MINORITY, WOMEN AND AFRICAN-AMERICAN OWNED BUSINESSES ON DESIGN-BUILD CONSTRUCTION PROJECTS.

* * * * *

WHEREAS, the Small Business Economic Development Advocacy Program Policy Ordinance No. 100182 (the "SBEDA Ordinance"), passed and approved by City Council on December 16, 2004, specifies performance standards for certain contracts; and

WHEREAS, Design-Build Construction ("Design-Build") is a contracting method where a single firm provides both design and construction services; and

WHEREAS, the typical Design-Build project team consists of an architect, engineer and constructor with selection of the team based on a two-step process; and

WHEREAS, this two-step process involves a request for qualifications ("RFQ"), followed by a request for proposals ("RFP") from a list of respondents narrowed in the RFQ process with the final selection based on the respondent who offers the best value to the City; and

WHEREAS, due to changes in state law, the City of San Antonio has the ability to use the Design-Build contract selection method for specific public works construction projects; and

WHEREAS, the SBEDA Ordinance authorized the establishment of a Public Works Construction Workgroup (the "Workgroup") to advise City staff and City Council on procedures to be used on Design-Build projects; and

WHEREAS, as with most discretionary contract solicitations, City staff typically uses a 100-point evaluation system and includes various categories upon which respondents are scored, such as financial capacity, technical management competence and expertise in a particular field; and

WHEREAS, twenty percent of the scoring is related to compliance with the City's SBEDA Ordinance, however the standard selection and scoring criteria requires modification since the selection process for a Design-Build team is different than the traditional bid contracting process; and

WHEREAS, the Design-Build team involves a variety of disciplines including architects, engineers, project managers and construction prime contractors, subcontractors and suppliers, a fraction of which is assembled during the proposal solicitation period; and

WHEREAS, the majority of team members, namely construction subcontractors, are selected after the City has awarded the contract, thus leaving respondents unable to maximize their efforts to meet the objectives of the SBEDA Ordinance; and

WHEREAS, the Workgroup, supported by staff from the Small Business Outreach Division of the Economic Development Department, convened to review the issue in February and March of 2005; and

WHEREAS, the Workgroup recommends that a narrative form response, rather than the standard Good Faith Effort Plan, would be more effective in determining the potential for compliance with the SBEDA Ordinance objectives in Design-Build projects; and

WHEREAS, the Workgroup also recommends that the 20 points typically reserved for Small Business compliance within the SBEDA Ordinance be allocated as follows for Design-Build project solicitations:

- **Five (5) Points**
 - Respondent's local business status
 - Extent of local business participation at the prime contractor level
- **Five (5) Points**
 - Respondent's previous experience in implementing a similar small business program in public and private sector project
- **Five (5) Points**
 - Respondent's specific narrative plan to provide contracting opportunities to Small, Minority, Women, & African-American Owned Businesses
- **Five (5) Points**
 - Extent of Small, Minority, Women, & African-American Owned Business utilization already identified by respondent; and

WHEREAS, respondents that are awarded a Design-Build contract will be held accountable for the information submitted on their request for proposal response in subsequent phases of the Design-Build project, with the respondent's proposal incorporated into the final agreement with the City as a utilization requirement with all other applicable provisions of the SBEDA Ordinance included as contractual provisions; **NOW THEREFORE:**

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

SECTION 1. The City Council hereby approves the amendment to the Small Business Economic Development Advocacy Program Policy Ordinance No. 100182 (the "SBEDA Ordinance") to specify separate performance standards for Design-Build Construction Projects, all as more particularly described in Section IV, revised paragraphs B, C and D of Attachment B

SECTION 2. This ordinance shall be effective on and after the tenth (10th) day after passage hereof.

- B) The Director of Economic Development or designee, in consultation with the SBAC, shall have the authority to establish contracting goals based on the availability of businesses for specific projects and specific ethnic groups, as deemed appropriate, in order to meet the City-wide contracting goals established by the City Council.
- C) Goals shall be reasonable and shall be based upon:
 - 1) The existence and extent of past and present discrimination against MBEs, WBEs and AABEs in contracts awarded by the City and the likelihood of continuing discrimination if there were no annual goal;
 - 2) The level of participation of MBEs, WBEs and AABEs on past contracts awarded by the City which have contained MBE, WBE and AABE requirements;
 - 3) The level of participation of MBEs, WBEs and AABEs on contracts awarded by other governmental agencies in the San Antonio area which have utilized MBE, WBE and AABE requirements;

Any business

listed by an Offeror that is not certified at the time of bid/response opening must file an application for certification within a reasonable time for the City to consider the dollar amount toward meeting the goals.

- 2) The bidder/proposer may count toward its SBE, MBE, WBE or AABE goal only expenditures to SBEs, MBEs, WBEs and AABEs that perform commercially useful functions in the execution of a contract. An SBE, MBE, WBE or AABE is considered to perform a commercially useful function when it is responsible for executing a distinct element of the work and carries out its responsibilities by actually performing, managing and supervising the work involved. To determine whether an SBE, MBE, WBE or AABE is performing a commercially useful function, the City will evaluate the amount of work subcontracted, type/use and amount of supplies provided, industry practices and other relevant factors.
- 3) A bidder/proposer may count toward its SBE, MBE, WBE or AABE goal a portion of the total dollar value of a contract with a joint venture equal to the percentage of SBE, MBE, WBE or AABE participation in the joint venture. The SBE, MBE, WBE or AABE must be responsible for a clearly defined portion of the work to be performed, equal to a share in the ownership, control, management, responsibility, risks and profits of the joint-venture.
- 4) A bidder/proposer may count its entire expenditure to an SBE, MBE, WBE or AABE manufacturer (i.e., a supplier who produces goods from raw materials or substantially alters them before resale) and/or suppliers at the various tier levels.
- 5) The bidder/proposer may not count toward the goal any agreements with SBE, MBE, WBE or AABE subcontractors/suppliers that do not meet the definition of SBE/MBE/WBE/AABE subcontractors/suppliers, as set forth in Section I, Definitions "Subcontract".
- 6) Self-performed work done by an SBE/MBE/WBE/AABE prime contractor may be counted toward the appropriate goal provided that the SBE/MBE/WBE/AABE conducts good faith efforts to meet or exceed the contracting goals specified in the bid/proposal solicitation.

The City Attorney's office will include a provision in the final contract specifying the subcontracting utilization levels committed and agreed to by the prime contractor.
 - 5) During the term of the contract, if a contractor finds it necessary to change, add or delete subcontractors, the contractor will be required to submit the SMALL BUSINESS OFFICE-approved "Request for Approval of Change to Original Affirmed List of Subcontractors/Suppliers" form (Attachment B-3) for approval by the Director of the Managing Department, as well as the Director of Economic Development or designee.
 - 6) Every contract shall be required to contain language mandating the above-mentioned provisions within this Section V, as applicable.
 - 7) A contracting authority or department may request the Director of Economic Development or designee to waive the goal requirements of this subsection, or to reduce the amount of the goals, for SBE, MBE, WBE or AABE, in accordance with the provisions of the Section VI entitled *Exceptions and Waivers*.
- C) In addition to such other requirements as may be set forth elsewhere, the following shall apply to construction, professional service, discretionary service and applicable procurement contracts awarded by the City:
- 1) Contracts shall incorporate this ordinance by reference and shall provide that the failure of any bidder/proposer, contractor or subcontractor to comply with this ordinance shall be a material breach of contract.
 - 2) Contracts shall require that during the term of the contract, the contractor shall:
 - a) Fulfill the SBE, MBE, WBE and AABE participation commitments submitted with the bids or proposal;
 - b) Continue to make every effort to utilize SBEs, MBEs, WBEs and AABEs; and

- c) Maintain records reasonably necessary for monitoring their compliance with the provisions of this ordinance.
- 3) Whenever contract alternatives, amendments or extra work orders are made individually or in the aggregate, which increase the total value of the contract by more than 10 percent of the dollar value of the original contract, the contractor shall comply with the provisions of this ordinance with respect to the alternates, amendment or extra work order.
- 4) All contracts or other agreements between the City of San Antonio and quasi-governmental agencies, public corporations or third party contractors, whereby such entities receive money from or through the City for the purpose of contracting with businesses to perform public works construction, professional service or procurement contracts, shall require such entities to comply with the provisions of this ordinance in awarding and administering such contracts to the maximum extent possible.

SECTION VI.

EXCEPTIONS AND WAIVERS

- A) If a bidder/proposer is unable to comply with the goal requirements established in the Program Goals section of this ordinance, such bidder/proposer shall submit, as part of the bid/proposal, a request for exception at the time of bid/proposal opening. The exception shall include specified documentation which demonstrates a good faith effort to comply with the goals requirements as described in the Program Goals section above.
- B) If, after award of a contract, the contractor is unable to meet the goal requirement by utilizing the SBEs, MBEs, WBEs or AABEs specified at bid opening, the contractor must seek substitute MBEs, WBEs or AABEs to fulfill the requirements; the substitution must be approved by the Director of Economic Development (or designee) and the Managing Department Director. If, after reasonable good faith efforts, the contractor is unable to find a substitute, a post-award waiver may be requested. The request shall document the reasons for the contractor's inability to meet the goal requirement.
- C) A contracting City department may request the Director of Economic Development or designee to waive or modify (waivers for advertising, posting, etc.) the goal requirements for SBEs, MBEs, WBEs and/or AABEs, by submitting the reasons in writing prior to solicitation of bids or proposals. The Director of Economic Development or designee may grant such a waiver or reduction upon determination that:
 - 1) The reasonable and necessary requirements of the contract render subcontracting or other participation of business other than the bidder or proposer infeasible;
 - 2) Sufficient qualified SBEs, MBEs, WBEs and AABEs providing the goods or services required by the contract are unavailable in the market area of the project despite every feasible attempt to locate them;

- 3) When sufficient qualified SBEs, MBEs, WBEs or AABEs are available for providing the goods and services required by the contract in a greater degree than required by the general category contracting goal, an increase in the specific industry goal may be justified.

Any modification of goal amounts granted by the Director of Economic Development or designee shall specify the amount to which the goal has been modified. Whenever the Director of Economic Development or designee denies a request to waive or modify a goal, the contract authority may appeal that denial to the City Manager whose decision on the request shall be final.

D) A contracting department may waive the utilization requirements of this ordinance for a specific contract under the following circumstances:

- 1) Whenever the Managing Department finds that needed goods or services are available only from a sole source and the prospective contractor is not currently disqualified from doing business with the City. Final approval of a waiver request shall be made by the City Manager or designee.

If the contracting department certifies: (a) that an emergency exists which requires goods or services to be provided with such immediacy that it is unable to comply with the requirements of this ordinance; and (b) that the prospective contractor is an SBE, MBE, WBE or AABE or, if not, that the prospective contractor will make every good faith effort to utilize SBEs, MBEs, WBEs and/or AABEs.

The Certification entity and/or City staff shall use the following certification requirements:

- A) An eligible SBE/MBE/WBE/AABE under this program shall be an independent, operating business. - B) The minority or female owners must possess the power to direct or cause the direction of the management and policies of the firm and to make day-to-day decisions, as well as any decisions on matters of management, policy and operations. The firm shall not be subject to any formal or informal restrictions which limit the customary discretion of the minority, or female owners. There shall be no restrictions by partnership agreements, charter requirements or other arrangements which prevent the minority, or female owners from making business decisions of the firm without the cooperation or vote of any owner who is not minority, or female.
- C) Certification of SBE/MBE/WBE/AABE will be in accordance with the definitions specified in Section I.
- D) The claim of minority status must be directly related to the applicant's parents' minority status. Neither birthplace nor marriage has any bearing on minority status of the applicant.
- E) Since the purpose of the certification is to assist those who have experienced systematic or other forms of discrimination, the extent of discrimination experienced by the minority or female person(s) will be taken into consideration in an effort to achieve the intent of the program.
- F) A business wishing to be certified as an SBE/MBE/WBE /AABE shall cooperate with the City in supplying additional information or agreeing to participate in a site visit of the enterprise which may be requested in order to make a determination. Failure or refusal to cooperate shall result in denial or repeal of certification.
- G) Proof of certification by another certifying entity may be accepted by the City of San Antonio to facilitate certification of a business if the certifying entity adheres to the same or similar policies as those embraced by the City of San Antonio.

- H) Once certified, an SBE/MBE/WBE/AABE shall update its status biennially by submitting a recertification affidavit. If ownership or control of the firm has changed, the SBE, MBE, WBE or AABE shall submit a new certification affidavit to the SMALL BUSINESS Program Office within thirty (30) days of the change.
- I) The Director of Economic Development or designee will notify applicants of staff's determinations on certification status.
- J) A business which believes that it has been wrongly denied certification as an SBE, MBE, WBE or AABE may request a hearing with the Director to present any additional information or facts pertaining to the application. If approved, the SMALL BUSINESS staff will notify the applicant.
- K) If certification status is further denied, the applicant may appeal to the SBAC. The SBAC will conduct a hearing at which time all information to be considered shall be entered into the record. Oral arguments of the applicants will be heard by the SBAC, which will ask such questions and conduct such discussion as deemed appropriate. The Committee's recommendation will be submitted to the City Manager for final determination.
- L) A firm shall be de-certified when it no longer meets the qualifications for certification.
- M) Any complaint regarding certification shall be forwarded to City staff for investigation of any possible violations of this ordinance.

SECTION IX. CONTRACT MONITORING, REPORTING AND COMPLIANCE

- A) The SMALL BUSINESS Program Office, along with Contracting Officers of each Department, shall monitor compliance with these requirements during the term of the contract. If it is determined that there is cause to believe that a contractor or subcontractor has failed to comply with any of the requirements of this ordinance, or the contract provisions pertaining to SBE/MBE/WBE/AABE utilization, the Division Manager shall so notify the contracting department and the contractor. The Director of Economic Development or designee may require such reports, information and documentation from contractors, bidders, contracting agencies and the head of any City of San Antonio department, division or office as are reasonably necessary to determine compliance with the requirements, within fifteen (15) calendar days after the notice of noncompliance. If the requested materials are not received within fifteen (15) calendar days, then a finding of noncompliance is determined and appropriate penalties and sanctions will apply as stated in Section VIII of this ordinance.
- B) Joint responsibility by the Director of Economic Development and Managing Department or designee shall attempt to resolve the noncompliance with the requirements of this ordinance, or the contract provisions pertaining to SBE/MBE/WBE/AABE utilization, within fifteen (15) calendar days. If the noncompliance cannot be resolved within the fifteen (15) calendar days, the Director of Economic Development or designee and the Director of the contracting department shall submit written recommendations to the City Council through the City

Manager or designee and if the City Council concurs with the finding, it shall impose such sanctions as stated in this ordinance.

- C) Whenever the Director of Economic Development or designee finds, after investigation, that a contracting department has failed to comply with the provisions of this ordinance or the contract provisions pertaining to SBE/MBE/WBE/AABE utilization, a written finding specifying the nature of the noncompliance shall be transmitted to the department and the Director of Economic Development or designee shall attempt to resolve any noncompliance through conference and conciliation. Should such attempt fail to resolve the noncompliance, the Director of Economic Development or designee shall transmit a copy of the finding of noncompliance, with a statement that conciliation was attempted and failed, to the City Manager who shall take appropriate action to secure compliance.
- D) Contracting departments shall maintain accurate records for each contract awarded including dollar value, the nature of the goods or services to be provided, the name of the contractor awarded the contract, the efforts it employed to solicit bids from SBEs, MBEs, WBEs and AABEs and all subcontracts awarded by the contractor identifying for each its dollar value, the nature of the goods or services provided and the name of the subcontractor.
- E) The Director of Economic Development or designee, through the City Manager, shall submit an annual report to the SBAC and City Council on the progress of the City toward the utilization goals established by this ordinance together with an identification of problems and specific recommendations for improving the City's performance.
- F) The conditions of this ordinance shall apply to all bidders/proposers, as well as SBEs, MBEs, WBEs, and AABEs, specified in Section III that receive funds from the City of San Antonio.
- G) The Division Manager shall work closely with the City Attorney's Office to include language in all City contracts that ensures compliance with the SMALL BUSINESS program.
